Spring 2 Term

Welcome back!

I hope you enjoyed the short but well deserved half term holiday. This term is shaping up to be a pretty busy one in the lead up to Easter, take a quick glance at what we will be learning about in Year 2 over the next 5 weeks...

English

Our learning in English will revolve around the text, 'Little Red Reading Hood' by Lucy Rowland. A playful rhyming story where not everything is as you would expect! Children will learn the story, unpick it's features and innovate their own fairytale with a twist. We will also revise key grammar features throughout the term including past and present tenses and a range of suffixes. Children will also begin practise reading comprehensions.

History

In History, we will be studying two significant individuals from the nursing world: Florence Nightingale and Edith Cavell. We will explore the achievements of both women and how they played their part in changing the health care system into what it is today.

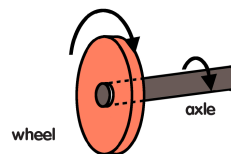

Maths

We will begin the half term revisiting number facts and methods to solve addition and subtraction problems such as partitioning. Later we will progress onto multiplication and division facts, so any practising of the 2, 5 and 10 x table at home will help your child enormously in the classroom! We will then revisit fractions, learning how to find fractions of a number first practically then visually.

DT: CARDBOARD BOXES!

We will be needing LOTS of cardboard for our DT project this half term. The children will be designing, building and decorating their own ferris wheels, learning how to form a wheel and axle mechanism to create movement. Any cardboard donations would be much appreciated! TIA

DT: Ferris wheels

Music: 'Zootime'.

PE: Targets & Skip to the Beat

RE: Is it true that Jesus came back to life again?

PSHE: Healthy Me

Science:

Revisiting Animals inc Humans and Materials

Important Dates

Parents Evening: Monday 6th and Tuesday 7th March

World Book Day: Thursday 2nd March

PE DAYS: MONAYS AND FRIDAYS
