Paragraph Linking Hunt

Year 5 Grammar: Adverbials for Linking Sentences and

When writing, authors use adverbial phrases to link paragraphs together so that their ideas flow smoothly from one paragraph to another. If you spend time thinking about how to start a new paragraph, you can deliberately choose words in your first sentence that will link it directly to the previous paragraph. This makes it clearer for the reader.

Have a look through your reading books at home. See how the authors use different **adverbial phrases** to start new paragraphs. Find some examples and add them to the table below. This will give you a list of great adverbial phrases that you can use when completing your own independent writing.

Adverbials of place	Adverbials of time	Adverbials of number
