

Y6 Homework

Date Given: Mon 25th September

Date to be handed in/ tested: Mon 2nd Oct

Maths Homework

Complete page 9 in your maths homework book. This is based upon last week's work on column addition and subtraction. Please do this in pencil.

Times Tables

This week, we will be revising the **six times table**. There is a sample grid on the back where children can revise these times tables.

Mathletics remember to complete this! I'm looking for about 20 minutes per week not just 20 seconds!

English/Science Homework

Please complete a face file about Charles Darwin. This can be done by hand or by using ICT. You need to include the following things:

- Who was Charles Darwin
- How is he linked to our 'Evolution' Topic?
- What were Darwin's beliefs about evolution?

This can be presented in any way you want but I expect English skills to be used properly. This includes full and correct use of punctuation, perfect presentation and a sense of pride.

Spellings- This week's spelling are based upon suffixes. Learn these carefully. There are also some of our Y6 tricky words included.

If your child needs any help completing their homework, please send them to school with it **before** the hand in date. I will be more than happy to help.

Mrs Rae ☺
