

Year 1 Homework

Week Beginning: 20th November

Name: _____

Reading

Please practice reading the sounds in your child's reading record this week. This will really support their reading and also their spelling.

The Hodgeheg

When we have been reading The Hodgeheg in class we know that Max has been getting his sentences mixed up after he bumped his head. This week I would like you to try and unjumble Max's sentences and write them in the correct order in your homework book.

I hound where the fumans cross over.

I'm a bet bitter thanks.

I feel quite wake awide.

I'll be KO.

Hip, hip, roohay!

I peg your bardon.

I thought you were a different hodgeheg.

Something bot me on the hittom!

Numeracy

Please practice doubling numbers up to double 12 with your child this week. For doubles above 5 encourage your child to keep the double number in their head and then count on the exact same number using their fingers. Once your child is confident please complete the doubles sheet on the back of this sheet. This sheet does not need to be completed totally nor does it need to be done in one sitting, it can be done for 5-10 minutes at a time over several days. We are using doubles in our maths work next week so quick recall of double facts will really benefit their class work.

Doubles (to double 12) Set A

Doubles (to double 12) Set B

$12 + 12 =$

$4 + 4 =$

double 9 =

double 1 =

$6 + 6 =$

double 3 =

$6 + 6 =$

double 4 =

double 8 =

double 8 =

double 6 =

$11 + 11 =$

double 5 =

double 12 =

double 11 =

double 9 =

double 1 =

$11 + 11 =$

$10 + 10 =$

$5 + 5 =$

$10 + 10 =$

double 2 =

double 12 =

$3 + 3 =$

$5 + 5 =$

double 10 =

$8 + 8 =$

double 5 =

Year 1 Homework

Week Beginning: 20th November

Name: _____

Reading

Please practice reading the sounds in your child's reading record this week. This will really support their reading and also their spelling.

Literacy

Please complete the spelling activity sheet. The instructions for how to do so are on the sheet. Please practice the sounds on the sheet continually with your children - getting them to write and read the sounds. Practising these sounds will really support both your child's reading and their writing.

Numeracy

Please practice doubling numbers up to double 12 with your child this week. For doubles above 5 encourage your child to keep the double number in their head and then count on the exact same number using their fingers. Once your child is confident please complete the doubles sheet on the back of this sheet. This sheet does not need to be completed totally nor does it need to be done in one sitting, it can be done for 5-10 minutes at a time over several days. We are using doubles in our maths work next week so quick recall of double facts will really benefit their class work.

Literacy Homework

Try to read the new sounds below and keep practicing them through the week. When you have read them please draw objects /things that start with that sound and then try to label them underneath. You could help your child to sound out the word first and then let them write it down themselves. Once they have done so you could look at spelling and then explain the correct spelling and get them to write it underneath. For example: bl-o-ck-s, if they write blox etc go through how to spell correctly and then do so underneath. Please return this sheet into school this week. I wonder how many you can think of!
