

YEAR 4 NEWSLETTER

This term our topic is 'The Vikings', and where possible our work in class will link to this.

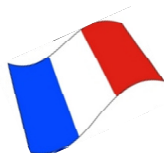

SPRING 2 2018

Maths: we will be concentrating on mastering different calculation methods, and applying these in various problem solving contexts.

RE: we will be learning all about Easter and the Holy days associated with it.

French: we will be learning some helpful French phrases and playing some French games.

Computing—we will be writing a wiki about our topic using Purple Mash.

English: We will be writing poetry this half-term, getting lots of practise at including exciting vocabulary in our writing, and of course doing lots of grammar!

Science: our topic is Animals, including humans. We will be looking at our digestive system, different types of teeth, and food chains.

PE: our sports coaching continues each week with Andrew, and we will be swimming on Fridays too. Mrs Mason will be doing Viking dance with us.

Art and design—the children are making runes and a rope pot using clay. We will also be practising more drawing and painting skills.

Topic— we are continuing our Viking topic by exploring when, why and how they came to England and how this affected our History and Geography. We will look at early kings of the Viking era in Britain and investigate the impact of their arrival on our heritage.
