What is a Special Educational Need and Disability?

What do I do if I think my child has Special Educational Needs (SEND)?

Who can support my child in school with Special Educational Needs (SEND)?

How could my child get help in school?

How do we support children across the school?

How can you be supported as a parent of a child with additional needs?

How can your child be supported during transition in school?

What specialist services and expertise are available in this school?

What is a Special Educational Need and Disability?

The Children and Families Act 2014 clause 20 says that:

1. A child or young person has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her.
2. A child of compulsory school age or a young person has a learning difficulty or disability if he or she-
 - (a) Has a significantly greater difficulty in learning than the majority of others of the same age, or
 - (b) Has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post 16 institutions.
3. A child under compulsory school age has a learning difficulty or disability if he or she is likely to be within subsection 2. When of a compulsory school age (or would be likely, if no special education provision were made).
4. A child or young person does not have a learning difficulty or disability solely because of the language (or form of language) which is or has been spoken at home.

Looked after children (LAC) with SEND: We consult with the SENDCo and the designated teacher for LAC as appropriate for personalised support. We also liaise with the allocated social worker to ensure all agencies are working collaboratively to develop an appropriate support package for each child.

Inclusion statement

Co-operate and collaborate

We ensure our school is an open and welcoming community and embrace all social, cultural and educational backgrounds and needs. We actively seek and value the views and aspirations of all parents, carers and children to strengthen our curriculum and provision. We are committed to working closely with all agencies to achieve the best outcomes for our children.

Achieve excellence for all

Together we support and meet the individual needs of all pupils in our school. Effective learning opportunities allow pupils to overcome individual barriers and encourage them to strive for their best to achieve excellence for all.

Raise aspirations and inspire imaginations

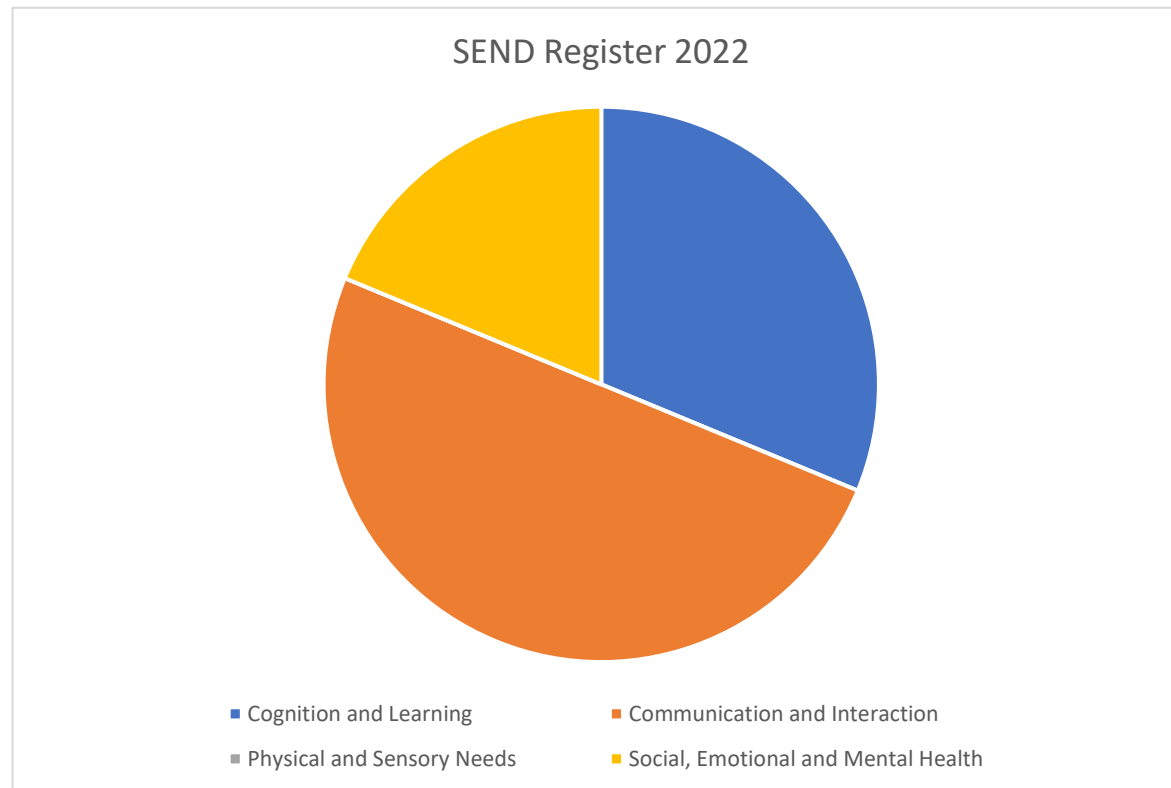

All children will have a sense that they belong in all areas of school life. Opportunities will be provided to fulfil potential through extending life experiences which encourage imagination and fun.

Explore new interests and new ideas

We are continually evolving our practice with an open-minded approach and a willingness to try and to implement new ideas. Our practice is based on the latest evidence and research in providing effective education for all.

School context

There are 208 children on roll. There are 15 children on the SEND register. These are the primary needs of those children.

This information is shared with the Local Authority on a termly basis.

Examples within each area of need

Cognition and Learning Difficulties

- Specific Learning Difficulties (SPLD)
- *E.G. Dyslexia, Dyscalculia,*
- Moderate Learning Difficulties (MLD)
- Severe Learning Difficulties (SLD)
- Profound and Multiple Learning Difficulty (PMLD)

Social, Emotional and/or Mental Needs

- Depression
- Attention Deficit Hyperactivity Disorder (ADHD)
- Eating Disorders
- Anxiety Disorders
- Mental Health Issues
- Social Disorders

Communication and Interaction Needs

- Speech, Language and Communication Needs (SLCN)
- Autistic Spectrum Disorder (ASD)

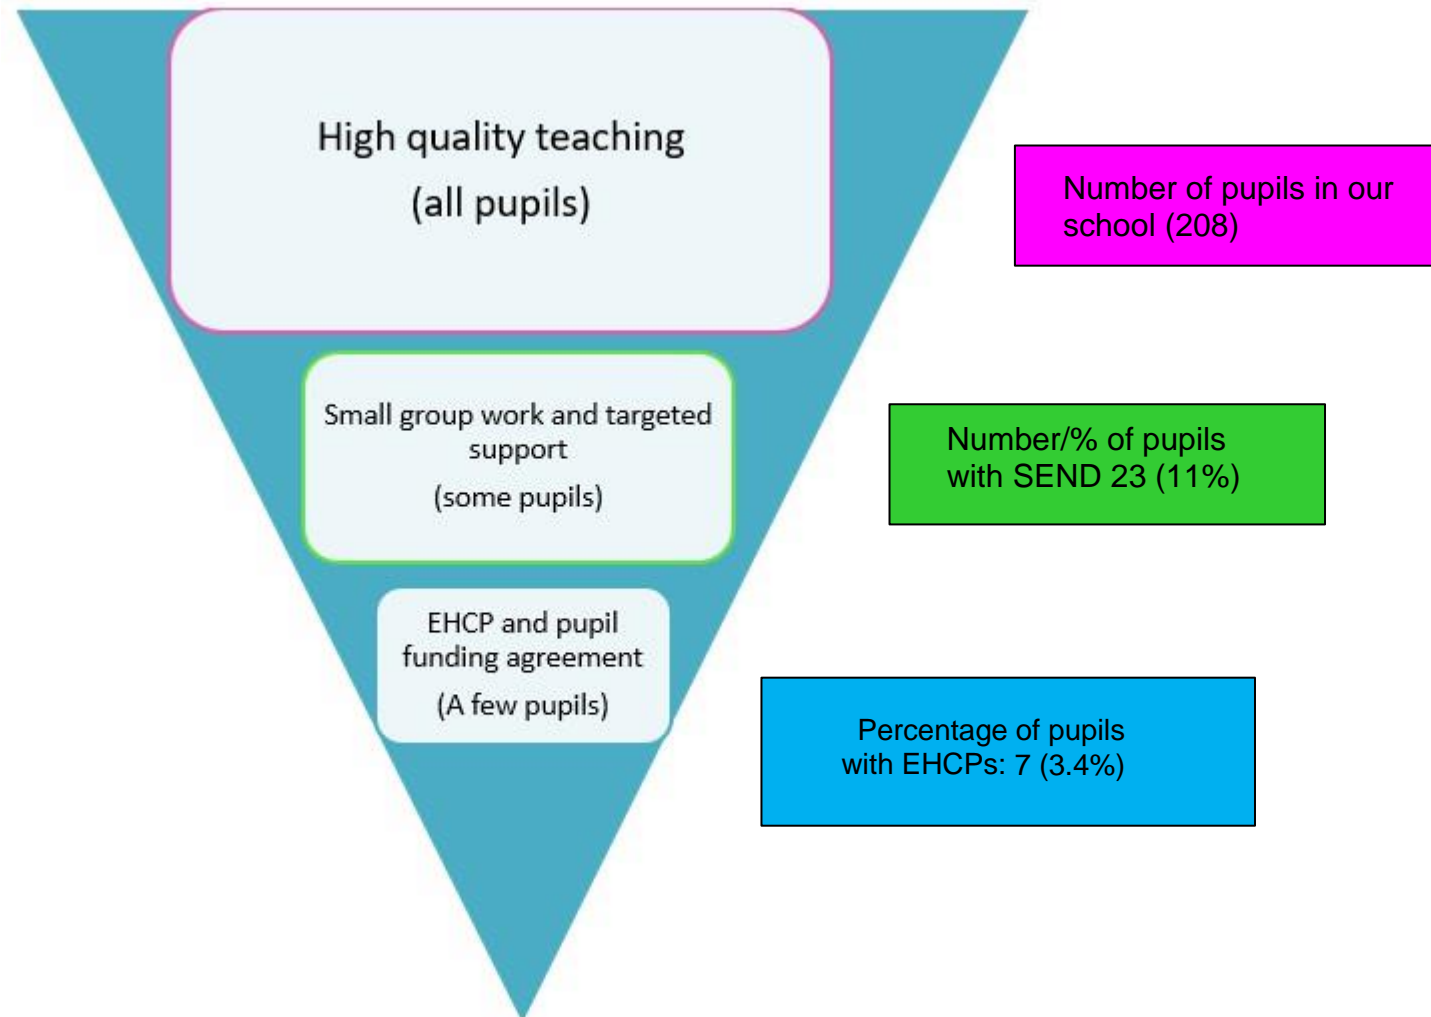

Sensory and/or Physical Needs

- Visual Impairment (VI)
- Hearing Impairment (HI)
- Multi-Sensory Impairment (MSI)
- Physical Disability (PD)

What do I do if I think my child has Special Educational Needs?

Who to contact	If you have concerns about your child's progress you could speak to your child's class teacher. You can also speak to the SENDCo. The Head teacher can be contacted if you have concerns about how your child's SEND is being managed.
School Response	Where there are concerns about your child's progress or learning, the teacher may raise this with the SENDCo. The school has termly pupil progress meetings to monitor the progress of all pupils. If there are further concerns about your child's learning, the school will discuss this with you: <ul data-bbox="656 539 1951 687" style="list-style-type: none">• Any concerns you may have.• To plan any additional support your child may receive.• To discuss with you any referrals to outside professionals to support your child's learning.• How we could work together, to support your child at home/school

An overview of our school provision

Who can support my child in school with Special Educational Needs (SEND)?

People	Summary of Responsibilities
<p>Class Teacher</p>	<p>He/She is responsible for:</p> <ul style="list-style-type: none"> Ensuring that all children have access to high quality teaching and that the curriculum is adapted to meet children's needs (also known as differentiation). Checking on the progress of your child and identifying, planning for, and delivering any additional help your child may need (this could be targeted work, additional support, adapting resources etc) and talking about this with the SENDCo as necessary. Writing 'Assess Plan Do and Reviews' and sharing these with parents termly. Ensuring that all members of staff working with your child in school are aware of your child's individual needs and any specific adjustments which need to be made to enable them to be included and make progress. Ensuring that all staff working with your child in school are supported in delivering the planned work/programme for your child, so they can achieve the best possible progress. This may involve the use of additional adults, outside specialist help and/or specially planned work or resources. Ensuring that the school's SEND practice is followed in their classroom and for all the pupils they teach with any SEND. <p>You can contact the class teacher via the school office for an appointment or at the beginning or end of the school day to speak informally or via the school email address.</p>
<p>SENDCo Mrs Shona Wolfenden</p>	<p>She is responsible for and will use her best endeavour to:</p> <ul style="list-style-type: none"> Coordinate all the support for children with special educational needs (SEND) and developing the school's SEND practice to make sure all children get a consistent, high quality response to meeting their needs in school. Ensure you are involved in supporting your child's learning. Ensure you are kept informed about the support your child is getting. Ensure you are involved in reviewing how they are doing. Ensure you are part of planning ahead for them. Liaise with all the other people who may be coming into school to help support your child's learning e.g. Speech and Language Therapist, Educational Psychologist. Update the school's SEND register, (a system for ensuring all the SEND needs of pupils in this school are known and understood) and checking/maintaining your child's records of progress and needs. Provide specialist support for teachers and support staff.

	<p>Support your child's class teacher with creating and reviewing 'Assess Plan Do and Review' plans, which identify actions put in place to meet targets. Organise training for staff. Liaise with cluster SENDCo's to ensure consistency of approach and practice. Monitor, track and analyse progress and attainment of SEND pupils. Liaise and ensure smooth transition between educational phases Co-ordinate SEND interventions. The day to day management of all aspects of the school, this includes support for children with SEND. Entrusting the daily responsibility for SEND to the SENDCo and class teachers and overseeing effectiveness of this. Ensuring the Governing Body is kept up to date about any issue relating to SEND. Accountable for financial expenditure of SEND budget</p> <p>SENDCo can be contacted via the school office.</p>
<p>Headteacher Mr Russell Hardy</p>	<p>They are responsible for and will use his best endeavour to: Oversee the effectiveness of provision for children with SEND. Develop the school's SEND practice to make sure all children get a consistent, high quality response to meeting his or her needs in school. Monitor, track and analyse the progress and attainment of all children. Support the teaching staff and SENDCo. Ensure effective and efficient, use of human, environmental and financial resources</p> <p>The Head can be contacted via the school office</p>
<p>SEND Governor Lisa Yardley</p>	<p>She is responsible for: Making sure that the school has an up to date SEND Policy and/or SEND Information Report. Making sure that the school has appropriate provision and has made necessary adaptations to meet the needs of all children in the school. Making visits to understand and monitor the support given to children with SEND in the school and being part of the process to ensure all SEND children achieve their potential in school.</p> <p>Lisa can be contacted by the school office for an appointment</p>

How could my child get help in school?

Types of Support	What would this mean for your child?	Who receives this support
<p>Class teacher- quality first teaching.</p>	<p>Ensuring that the teacher has the highest possible expectation for your child and all pupils in their class.</p> <p>Ensuring that all teaching is based on building on what your child already knows, can do and can understand.</p> <p>Differentiated tasks, using different ways of teaching so that your child is fully involved in learning in class. This may involve more practical learning or provide different resources adapted for your child.</p> <p>Putting in place specific strategies (which may be suggested by the SENDCo or outside staff) to support your child's learning.</p> <p>Your child's progress is continually monitored by his/her class teacher.</p> <p>Attendance, engagement in learning and behaviour are also monitored.</p> <p>His/her progress is reviewed formally every term.</p> <p>You will be informed of your child's progress and attainment at Parent/Carers' evenings in the Autumn and Spring terms and will receive a school report at the end of the school year.</p>	<p>All children</p>
<p>Specific small group work which may be: <i>Run in the classroom or outside.</i> <i>Run by a teacher or teaching assistant</i> These are generally called 'Intervention groups' by schools.</p>	<p>Your child's class teacher or the SENDCo will have monitored your child's progress and will have planned specific group work to help close the gap between your child's achievement and that of his or her peers. A TA will run these small group sessions using the teacher's targets or a recommended programme.</p> <p>Each child's progress is evaluated regularly, before and after the period of intervention.</p>	<p>Any child who has specific gaps in his or her understanding of a subject/area of learning</p>

<p>Early Intervention</p>	<p>Children at Early Intervention will have a Special Educational Needs support plan which will include targets that are currently being worked on and the additional provision that is put into place for that child. This individualised plan will be reviewed at least three times per year so that the outcomes can be closely monitored and adapted if necessary. If the class teacher and SENDCo feel that sufficient progress is not being made then a child may progress to the targeted support level.</p>	<p>Children who have been identified by the class teacher and SENDCo</p> <p>Your child may be placed on the School's SEND Register.</p> <p>The most important point is that the additional provision depends on the needs of the child.</p>
<p>Targeted support</p>	<p>Children may require support from school-based staff, or sometimes your child may need specialist support from a professional from an outside agency. This may be delivered in or out of school. This will be reflected in their support plan.</p>	<p>Children whose learning needs require specialist support and advice in addition to the support already received in school.</p>
<p>Children with Educational, Health Care Plans</p>	<p>The school, or you, can request that the Local Authority carry out a statutory assessment of your child's needs. This is a legal process and you can find more detail about this in the Local Offer on the Cumbria County Council website:</p> <p>After the school have sent in the request to the Local Authority it will be decided whether your child's needs require statutory assessment. If this is the case they will ask you and all the professionals involved with your child, to write a report outlining your child's needs. If they do not think your child needs this, they will ask the school to continue to support your child seeking additional advice and support as appropriate.</p> <p>After the reports have all been sent in, the Local Authority will decide if your child's needs are complex and require additional support in school to make good progress. If this is the case they will write an EHC Plan.</p> <p>The EHC Plan will outline the support your child will receive from the LA and how the support should be used and what strategies should be put in place. It will also have long and short-term goals for your child.</p>	<p>Children with complex needs</p>

	<p>An additional adult may be used to support your child with whole class learning, run individual programmes or run small groups including your child.</p> <p>The progress of children with an EHC Plan is formally reviewed at an Annual Review with parents and other professionals involved.</p>	
<p>Allocation of Extra Support</p>	<p>Extra in-class support or group intervention is allocated by the class teacher, the SENDCo or other professionals involved with your child depending on their level of need.</p> <p>Extra support from external professionals can be requested by the school. Progress of all interventions and support is reviewed regularly to evaluate progress and to see whether changes can/should be made.</p> <p>The school budget received from Cumbria County Council, includes money for supporting children with SEND.</p> <p>From the overall school budget, the Head Teacher decides on the budget for Special Educational Needs and Disabilities, in consultation with the school governors, on the basis of the needs of the children in the school.</p> <p>The Head Teacher and SENDCo, discuss all the information they have about SEND in school including:</p> <ol style="list-style-type: none"> (1) The children getting extra support already (2) The children needing extra support. (3) The children who have been identified as not making as much progress as would be expected and decide what resources/training and support is needed. <p>Resources (including physical equipment)/training and support are reviewed regularly and changes made as needed.</p>	

How do we support children across the school?

<p>Accessibility and admission</p>	<p>The school is accessible to children with physical difficulties via hand railings and ramps. We ensure that equipment used is accessible to all children regardless of their needs. The school has disabled toilet facilities.</p> <p>Toilets and bathroom areas have been risk assessed in accordance to the needs of individual pupils. See accessibility plan and admission policy on the school website</p>
<p>Curriculum and the learning environment</p>	<p>All children have an entitlement to a broad and balanced curriculum and pupils benefit from a range of teaching and learning styles; a carefully differentiated curriculum with clear learning objectives; a range of differentiated learning materials (both for reinforcement and extension); assessment procedures that emphasise pupils' strengths and achievements which is used to inform the next stage of learning; access to ICT; and a broad range of extracurricular activities and visits (including a residential visit in Year 5/6). This enables the pupils to understand the relevance and purpose of the learning activities. It also allows them to experience levels of understanding and rates of progress that bring about feelings of success and achievement.</p> <p>Access to the curriculum is important and to ensure we get it right for children with Special Educational Needs we use a wide variety of resources to facilitate this. This includes the use of ICT and specialist equipment such as coloured overlays, pencil grips and adapted rulers and scissors.</p> <p>It is worth pointing out that we do not offer targeted extra-curricular activities for children with Special Education Needs, but instead actively try to ensure that all our extra-curricular activities, including our residential trip, are adapted for children's specific needs. As a fully inclusive school, all children participate in whole school curriculum and off-site activities. The extent to which each child participates and the levels of support received will vary between children, but we differentiate the activities and expectations to enable all children to take part. Where relevant, we also access specialised activities run for children with disabilities</p>
<p>Measuring progress</p>	<p>All children are continually assessed as they progress through the school so that we can build upon their prior learning. The class teacher plans for all the pupils in their class, differentiating the task accordingly to suit any pupils' individual needs and is responsible for the assessment of their progress.</p> <p>Each class teacher will attend termly pupil progress meeting with their Headteacher to discuss the progress of pupils. The shared discussions will highlight if further support or intervention may be needed to increase progress and bring the child back on track to meet end of year targets.</p>

Support for social, emotional and mental health development	Members of staff are readily available for pupils who wish to discuss issues and concerns. Play leaders are available on the yard at lunchtime to support others in play activities. Several staff have attended mental health awareness training and use a range of strategies to support children with these needs. We also have a fully trained Emotional Literacy Support Assistant (ELSA).
Staff expertise	We have a rolling annual training programme which develops staff expertise in delivering high quality teaching and supporting children with individual needs. Part of the SENDCo's role is to support class teachers in planning for children with SEND. Individual teachers and support staff often attend training courses run by outside agencies that are relevant to the needs of specific children in their class.

How can you be supported as a parent of a child with additional needs?

<p>Parental/Carer and Pupil voice</p>	<p>Arrangements for consulting with parents and pupils will be made throughout all SEND processes. This is to ensure that there is a child-centred approach and a clear set of targets agreed that best match the child's needs.</p>
<p>Support</p>	<p>We would like you to talk to your child's class teacher regularly so we know what they are doing at home and we can tell you about what we are doing in school. In addition: The SENDCo is available to meet with you to discuss your child's progress or any concerns you may have. All information from outside professional agencies may be discussed with you with the person involved directly or where this is not possible, in a report. The SENDCo may also arrange to meet with you to discuss any new assessments and ideas suggested by outside agencies for your child. 'Assess Plan Do and Reviews' are reviewed regularly (at least termly). Statements or EHC Plans are reviewed each year. Homework may be adjusted to your child's individual needs. Your child's teacher can be contacted via Seesaw to discuss any concerns you may have. If your child is undergoing Statutory Assessment you will also be supported by the Children's Services SEND Caseworker. He/she will ensure that you fully understand the process. Additional information and contacts for external support are on our website.</p>
<p>Complaints</p>	<p>If there is a concern which is not resolved by the actions described please refer to the school's complaint procedure. If we are concerned regarding external provision or decisions made, school will challenge those decisions, following a discussion with parents/carers.</p>
<p>Monitoring and Evaluation</p>	<p>Tracking of progress measured against national progress, individually and at a year group level. Feedback from parents. Lesson visits. Individual case monitoring through 'Assess Plan Do and Reviews' cycle and the impact of intervention programmes that are being used (at least termly). Pupil views and aspirations are captured during each review cycle. Report to governors.</p>

How can your child be supported during transition in school?

<p>Starting School</p>	<p>We would like you to visit our school with your child to have a look around and speak to staff. If other professionals are already involved, a meeting may be held to discuss your child's needs, share strategies used and ensure provision is put in place before your child starts. If possible, we would ask for supporting documents to be sent to us from professionals/other provisions, to support the transition. We may visit your child if he or she is attending another provision. We may suggest writing a plan of action to help your child to settle more easily.</p>
<p>Within school/Leaving School</p>	<p>We recognise that 'moving on' can be difficult for a child with SEND and take steps to ensure that any transition is as smooth as possible. If your child is moving to another school: We can contact the new school's SENDCo to pass on any special arrangements or support that need to be made for your child. We will make sure that all records about your child are passed on as soon as possible. We arrange a meeting with the SEND from the new school to discuss and pass on relevant information and documentation.</p> <p>When moving classes in school: Information and relevant documents will be passed onto the new class teacher and a 'handover' meeting with the previous and new teacher will take place. If your child would be helped by a book, or other resource to support them understand moving on, then it may be made for them. There will be an opportunity for children to meet their new teacher and other adults who will be working with them and to see their new classroom.</p> <p>In Year 5 (in the Summer term): Children with EHC Plans will have a 'transition review' of their progress and needs which will be an opportunity to discuss appropriate secondary school options.</p> <p>In Year 6: The SENDCo from the secondary school attends the EHCP review meetings.</p>

	<p>We arrange extra transition visits for your child to become familiar with their new surroundings. In some cases staff from the new school will visit your child in this school.</p>
Joining mid-year	<p>If your child is planning on moving to our school: We invite you to visit the school with your child to have a look around and speak to staff. If other professionals are involved with the child, a meeting of all the professionals may be held to discuss your child's needs, share strategies used and ensure provision is put in place before your child starts:</p> <ul style="list-style-type: none">(1) We may put 'settling in' strategies in place.(2) If your child has moved to our school without a transition: We will contact the previous school to arrange for transfer of information as soon as is possible. Your child will be monitored and any necessary additional support will be discussed with the class teacher and other relevant professionals.

What specialist services and expertise are available in this school?

Senior leaders, teachers and teaching assistants are highly skilled in meeting the individual learning, behavioural and social needs of our children.

The school accesses a range of specialist services including:

Child and Adolescent Mental Health (CAHMs)

Education Social Worker

Educational Psychologists

Local Authority Education, Health and Care Plan Team

Looked After Children Support Team

Occupational Therapist

Outreach support from specialist schools

Paediatricians Physiotherapists

School Nurse

Social Care Family Support Worker

Social services

Special Education Needs Assessment Team

Specialist Advisory Teachers

Speech and Language Therapist Vision and Hearing Support

Many of these specialist services can also be accessed by parents. Please contact the school SENDCo for further information.
