

Name:

Year 1 Homework

To be handed in on Monday 30th September

Maths

- Keep practising counting forwards and backwards to different numbers get your child to look at numbers and say their value. E.g. 20 mph sign
- Maths Games - each week your child will bring a maths game home to play. If there is anything missing from the bag, please pop a note in the bag letting us know what is missing. Please also jot a comment in their homework book letting us know how they got on.

English

Reading is the most important part of your child's homework. We aim and encourage all children to read five times a week.

'Strive for 5'

Please ensure children bring their reading records into class daily and put them in the white box.

I have included a sounds activity picture for your child to complete using the sounds.

We are beginning to work on cursive handwriting formation. In your child's homework book they will have a copy of the rhymes we are learning to help us. Last week we introduced the letter .

Spelling

To help your child practise their sounds I will send home eight sound talk cards home with them to practise sounds. I have uploaded a video to the school website to help you. (Video Resource Centre). Remember tricky words can't be sounded out.

Geography

In geography we have been exploring our school and Egremont using google earth. The children really enjoyed doing this. If you have time, try and look at some places your child knows well. Talk about physical features (rivers, hills, forests) and human features (roads, buildings)
