Year 3 Homework

Hand in on: Monday 24th February

1. Mathletics and phonics spellings to learn. Your spelling test will be on Friday.
2. I would like you to practise the division facts for the 10 times table for your test this week. Your test will be on Friday.
3. English/Science: Please create an information poster for what you have learned about magnets. You can do this any way you would like. It can be in your homework book, on paper or card, printed out, be colourful, include pictures. It's up to you.
4. Maths: Please complete page 35 in your maths question book. We're doing lots of money work at the moment so think about what we've been learning in class.

Remember to ask for help if you need to and if you would like me to explain anything, just come and ask.
You should be trying to strive for five and read five times a week. Make sure you bring your reading record to school **every day.**
