

# Year 3 Newsletter

September 2019

Welcome to Year 3! I hope you are all looking forward to your first year in the juniors and are ready to work hard after your long summer break.

All the things you need to know about Year 3 are in the Class Information leaflet. I'll also be giving you details in class.

Our PE lessons are on Tuesdays and Thursdays. Please make sure you have your PE kit in at all times incase we have an extra lesson.

## Literacy

We're going to start the year by studying Stone Age Boy and writing a historical story. After that, we will be writing some instructions about how to catch a cave bear.

## Numeracy

We'll be doing lots of work on place value, addition, subtraction and comparing and ordering numbers..

## Science

You'll be learning all about rocks and soils. We'll be turning into archaeologists and investigating some fossils.

In Year 3 we do lots of work on learning our tables. This is because they are very important and will help you to become marvellous mathematicians!

Please make sure that all items of your school uniform and PE kit have your name on. This solves a lot of problems and saves a lot of time when things go missing!

Our foundation subject themes are:

History - The Stone Age

RE - Diwali

Computing - Coding

PE - Multi-skills and Gymnastics

Music - Brass tuition

Art - Printmaking

French - Je parle français

DT - Food Technology
