

YEAR 2 HOMEWORK

2ND MAY 2017

Name: _____

Literacy

Read as often as you can and record your comments in the reading diary. Please bring it into school on Friday. You can complete the reading challenges at the back of your book at any time and they will be marked when you hand your written homework in. Try to do one each week.

Choose an animal that lives in Kenya and do some research about that animal writing the information on the attached sheet. Think about the appearance, the diet and the habitat of your chosen animal. We will be doing further research next week using laptops and books. We will use all of this information to create a PowerPoint presentation about your animal.

Spellings

Spellings will be tested every Friday.

Numeracy

- Practise learning the division facts for the x10 tables. We will have a test on this on Friday.
- Complete page 9 of your maths booklet on subtraction. Ignore the way it tells you to do it in question 2 and complete it using frogging. We use a number line to count on from the smaller number to the bigger number which I have demonstrated below. Remember Fred the Frog likes to rest on the multiples of 10.
- To subtract using frogging:

Literacy and numeracy homework should be handed in on Monday 8th May.
