

Time goes so Quick!

Year 6 Newsletter

Edition 6

June 2012

Welcome to final issue of the Year 6 newsletter. We hope you enjoy reading about the things we will do during this, our last, half term in Year 6

Don't Forget

July 4th - West Lakes Academy
Taster Day
July 17th - Leavers' Concert
July 19th - End of Term!

MATHLETICS:

I have changed the units to Year 7 so that the children can see the type of work they will do next year. Please make sure they go on this every week. If you have a computer issue please let me know as I do expect each child to work on this at home.

After all that hard work and revision the SATs are finally over!!!

Most of the children enjoyed taking the tests, and did not think they were as bad as they thought they would be. The results will be back in school by 10th July.

Whatever the results are, I can honestly say that all the children tried their absolute hardest during the SATs week.

WELL DONE!!!!!!

Just a reminder about Taster days. You should have be informed by your Secondary School now about the arrangements for taster day. If not they should be coming soon. The following dates for taster days are:
West Lakes 4th July 2012

This term will be another busy term for us all in Year 6. Even though we have finished our SATs, there is still a great deal of work left to cover. We have just started a new science topic which will be continued when we go to West Lakes or St Benedict's. We are also going to be finding out about the Ancient Egyptians in our history topic.

As well as the science 'bridging' units, we are also completing English and Maths work which will link into the first work we complete at our secondary schools in September.

Please don't forget outdoor PE kits for Monday and Friday

Quick question:

Name the river that runs through Egypt.

Where is the Great Pyramid located?

How long is the Great Sphinx?
