

Year 1 Newsletter April - May 2010

Welcome back everyone. I hope you have all had a lovely Easter break.

In science this half term we are looking at the forces. Pushing, pulling, stopping, starting and natural forces.

In history we will be exploring homes from the past. We will be looking at the similarities and differences between homes today and in the past.

We will be finding out about sculpture in our art sessions. We will also make our own sculptures using a range of materials.

In P.E we will try out different balances. We will also link our balances together.
