

Year 4 Newsletter

Autumn 1

Back to school!

Welcome back to school and to Year 4! I hope you have all had a fantastic summer holiday and are well rested and ready for the new school year. We have lots of interesting topics to study this term and have a busy few months ahead. Here are the topics we will be studying:

In numeracy this term, we will be concentrating on place value, addition & subtraction, length, weight, time and 2d shape .

In literacy, we will be studying stories with historical settings and newspaper reports which will link to this term's history topic.

In science, our topic is Warming Up so we will be looking at temperatures and investigating which materials are best at conserving heat.

In history this term we will be looking at Henry VIII and researching why he had so many wives and who they were.

In RE, we will be learning about parables and in French we will be learning to talk about our pets. PE days are Wednesday and Thursday although this may change depending on when our rugby coaching takes place. We will also be focusing on shape and balance in gymnastics. Swimming begins on **Friday 24th September** so please make sure you have your swimming kit in school and your inhaler if you need one. In ICT, our work will focus on editing and presenting text.

Please ensure you bring a pencil to school every day!

Stop press...

Year 4 may be lucky enough to receive special music lessons this year using a very unique instrument. More details will follow should this be confirmed.

Don't forget...

To learn your tables and spellings thoroughly and ensure you are reading every day.

Please just ask if you are unsure of anything at all.

Mrs Smith.
