

Year 1 Homework

Week Beginning: 19th November

Name: _____

Literacy

Read as often as you can and record your comments in the reading diary. Please bring it into school on Friday so that we can check you have been reading.

Please practice reading the phonemes in the middle of the Reading Record too.

Animal Fact File

Please complete the animal fact file sheet. You can write about any animal that you want to and please draw a nice picture of the animal in the top box. Please remember to use capital letters and full stops and your very **NEATEST HANDWRITING**. Presentation of work is extremely important!

Numeracy

Mental maths: Please practice counting backwards from 100.

Please complete the subtraction within 100 sheet. There is no need to complete this sheet in one sitting as a few could be done each night. To find the answer please encourage your child to:

- Put the biggest number in their head.
- Put the number that will be taken away onto their fingers.
- Count back.

I have attached a 100 square if you need to use it to work out the number 1 less than a multiple of ten.

Year 1 Homework

Week Beginning: 19th November

Name: _____

Literacy

Read as often as you can and record your comments in the reading diary. Please bring it into school on Friday so that we can check you have been reading.

Please practice reading the phonemes in the middle of the Reading Record too.

Literacy

Please complete the spelling activity sheet. The instructions for how to do so are on the sheet. Please practice the sounds on the sheet continually with your children - getting them to write and read the sounds. Practising these sounds will really support both your child's reading and their writing.

Numeracy

Mental maths: Please practice counting backwards from 20.

Please continue to practice recognition and writing of numbers to 20.

Please complete the subtraction within 20 sheet. There is no need to complete this sheet in one sitting as a few could be done each night. If they need to use the number line that is fine but please try to encourage them to find the answer by:

- Putting the biggest number in their head.
- Put the number that will be taken away onto their fingers.
- Count back.

Literacy Homework

Try to read the new sounds below and keep practicing them through the week. When you have read them please draw objects /things that start with that sound and then try to label them underneath. You could help your child to sound out the word first and then let them write it down themselves. Once they have done so you could look at spelling and then explain the correct spelling and get them to write it underneath. For example: bl-o-ck-s, if they write blox etc go through how to spell correctly and then do so underneath. Please return this sheet into school this week. I wonder how many you can think of!

Number Line Subtraction

Example:

$$10 - 5 = 5$$

$$20 - 3 =$$

$$9 - 4 =$$

$$18 - 2 =$$

$$10 - 6 =$$

$$7 - 3 =$$

$$2 - 2 =$$

$$3 - 1 =$$

$$11 - 8 =$$

$$15 - 3 =$$
