

Year 1 Homework

Week Beginning: 25th February

Name: _____

Reading Homework

This week I would like you to try and read 5 times and to practice your recognition of the phonemes in your Reading Record. Regular reading will help when your child completes the Phonics Screening Test—which I will be discussing further at Parent's Evening.

Maths Week

It is maths week at school this week and therefore for homework this week I would like you to design and make a maths based board game please. This homework is being set throughout the school and next Monday the board games will be judged and a prize will be handed out to each class.

The board game could be based on anything the children have done so far:

- One more/less.
- Ten more/less.
- Counting in steps of 2, 5 and 10.
- Addition.
- Subtraction.
- 2D and 3D shapes.
- Money.

Class Assembly

Thursday 28th March
at 10am. Lines for the
assembly will be sent
home at some time this
week so please learn
them.
